

Join TIPL

Individual Membership

You can join TIPL as an individual, pledging your support of our mission and standing with TIPL in advocating for support of effective climate protection and climate justice policies.

To join as an individual member, visit our website at www.tennipl.org/join.

Faith Community Partnership

TIPL has two levels of Faith Community Partnership: one for a committee or group within your faith group and another for the entire faith community.

TIPL asks faith group partners to stand with TIPL in support of effective climate protection and climate justice policies and to help spread the word of TIPL activities.

Contact TIPL to become a partner at:
tninterfaithpl@gmail.com

TIPL has no partnership dues. We ask our partners to lend their time and talents to further TIPL's mission.

In return, TIPL engages faith group partners in developing collective approaches to reduce our carbon emissions and the suffering of those harmed by climate change.

Donate

You can contribute to TIPL's work by donating on our website, or by mailing a check to our address. Please make checks out to Southern Alliance for Clean Energy (SACE), with TIPL indicated in the memo line. We are so thankful for any contributions!

Tennessee Interfaith Power and Light

A spiritual response to climate change

Our Mission

The mission of the Tennessee Interfaith Power & Light is to spiritually respond to the challenges of the climate crisis through upholding the sacredness of all life, protecting vulnerable communities, and caring for the Earth. We manifest our spiritual values by reducing our carbon footprint within our daily lives, releasing the spiritual power of our faith communities, and advocating for transformative climate protection and justice policies.

TIPL is a state affiliate of Interfaith Power and Light, whose mission is to be faithful stewards of Creation by responding to global warming through the promotion of energy conservation, energy efficiency, and renewable energy.

Partner Faith Groups

There are over 50 faith groups across Tennessee which have partnered with TIPL to promote and advocate for care of the Earth.

A complete list appears on the TIPL website: www.tennipl.org

We invite your faith community to join in our efforts to combat climate change.

How we engage

- Speakers for programs and classes
- Energy usage assessment and reduction facilitation
- Help starting and maintaining a congregational green team
- Tabling volunteer opportunities
- Educational faith-based workshops/conferences
- Environmental online movie showings
- Opportunities for environmental advocacy

TIPL's Climate Protection and Justice Policy Work

- Workshops on reducing the carbon footprint of one's house of worship
- Presentations on earth care from a faith perspective
- Training citizen climate educators through Climate Academies
- Organizing interfaith worship events, including choral concerts
- Organizing public witnesses such as climate vigils
- Educating public officials about the dangers of climate change and solutions
- Teaching about the social costs of carbon
- Advocating for climate protection and justice legislation at all levels of government
- Educating how the climate crisis impacts the poor and other vulnerable groups
